

Remarks/Arguments

Applicants file this amendment simultaneously with filing a Request for Continued Examination (RCE) to continue prosecution of this application. Applicants have added new claim 49 which is similar to claim 1 but incorporates the five drugs specifically described in the Examples and for which the Examiner has stated there is sufficient enablement in the disclosure. Applicants also note that each such drug is claimed in separate claims 22-26. Consequently, applicants believe that at least claims 22-26 and 49 should be allowable at this point in prosecution. Applicants intend to pursue allowance of the other claims pending in the application.

Respectfully submitted,
